Kandy – Nuwara Eliya Breakfast at Hotel Temple of tooth Relic Located in Kandy, long a centre of the Buddhist faith, the stunning 17th-century Temple of the Tooth (Sri Dalada Maligawa) is believed to house the left upper canine tooth of the Lord Buddha himself. This precious relic attracts white-clad pilgrims, bearing lotus blossoms and frangipani, every day. According to legend, the tooth was taken from the Buddha as he lay on his funeral pyre. It was smuggled to Sri Lanka in 313 AD, hidden in the hair of Princess Hemamali who fled the Hindu armies besieging her father's kingdom in India. It immediately became an object of great reverence and was enshrined in a series of nested jeweled reliquaries. The tooth was brought out for special occasions and paraded on the backs of elephants, which are kept captive at this site by King Ravana. Rampadai means Rama's Force. The hills of Ramboda are also believed to be where Hanuman was searching for Sitadevi. A Chinmaya mission has built an Arjaneyar temple in Sri Lanka with Hanuman as its presiding deity. The temple is called Sri Baktha Hanuman temple and the image of Hanuman here is 16 Feet tall. The service times at the Sri Baktha Hanuman Temple are between 7:00 am to 12:00 noon & again 30.30 to 6.30 pm Ramboda Falls Ramboda Falls is 109 m (358 ft) high and 11th highest waterfall in Sri Lanka and 729th highest waterfall in the world. It is situated in Pussellawa area, on the A5 highway at Ramboda Pass. It formed by Panna Oya which is a tributary of Kothmale Oya. Altitude of the falls is 945 m (3,100 ft) above sea level. Tea Factory Sri Lanka is an island made for tea. The country produces tea throughout the year and the total tea production is about 340 million kilograms per annum. Sri Lanka's tea-growing areas are mainly concentrated in the central highlands and southern inland areas of the island. At present, a larger portion of the country's tea is exported as Ceylon Black Tea, while the country also produces Ceylon Green Tea, a type developed from Assamese seedlings. Ceylon White Tea, namely silver and golden tips is celebrated around the world for their finest flavour and are among the most expensive tea varieties in the world. Bentota
(Monday, 19 October 2026)
Bentota – Colombo Breakfast at the Hotel Madu River Safari Madu ganga flows across Balapitiya (approx. 80kms down south of Colombo) and is one of the rarely visited, unspoiled attractions any nature lover can find in Sri Lanka. She boasts of having a cluster of 64 small islands scattered along her path and the most of which are covered with mangroves and uninhabited. The largest island is known as "Ma Doowa" is the largest inhabited island within the country where about 300 families live. The smallest isle of the lot is called "Satha Paha Doowa" where there is a tiny shrine with a statue built in respect of the gods of Kataragama. Turtle Hatchery Kosgoda Sea Turtle Conservation Project ("KSTCP") Dudley Perera's project has been underway since 1988. The main aim of the project is to monitor local sea turtle activity and conserve the local nesting sites. We aim to make the public more aware of how endangered these beautiful creatures are and just how important it is to help protect them before it is too late. One of the most important activities of the project is its hatchery. Within the sanctuary of the project, collected and rescued eggs can hatch safely away from predators before being released into the sea at night-time. In addition, a certain number from each hatching are kept back for a short period for 'head starting' before release. The hatchery program is designed to maximize the number of hatchlings reaching the sea and surviving through the critical stages of their early life. Only a few hatchlings from each batch will ever make it to adulthood. Therefore every nest-ground, every egg, every hatchling and every turtle is crucial to the survival of the species. Unfortunately, sea turtles face many dangers.
